DIRECTOR'S MESSAGE

A life without challenges and dreams can't be called a life well lived!

When I conceived this inspiration of going ahead with my dream to create a successful story out of my vision - KK Emulsions was born.

I dived into this space when it was still so fresh and new and eventually grew with it.

This journey taught me few things which I would like to share.

If your employees are happy with the management they will leave no stone unturned to perform their best & to take organisation to new HIGHS.

Hence human resource is the key game changer and gets you to the helm of any game. Secondly when progressing always remember to treat everyone well as they will be the people you will again see at some juncture when the tables are turning. Customers are not called kings just like that, if they are happy and satisfied only then you flourish. We are thankful to our vendors, consultants, bankers & investors for their support & faith on us which inspired & motivated us & helped to grow our company.

The values of Trust, Empathy and Truthfulness which are the core of our business are the most important embodiments to move ahead with dignity and achieve long lived success.

Keeping it precise I would like to thank all well-wishers around me who led this dream turn into reality and I assure that our K K GROUP will always stand true to our core values and would keep aiming to provide best in terms of quality, cost and services to our esteemed customers.

Thanks for entrusting your trust in us, we shall always uphold it with all our heart.

Kamal Kumar Dugar

K K GROUP OF COMPANIES COMPRISES OF :

♦ **K K EMULSIONS PRIVATE LIMITED**

(An ISO 9001 : 2015 Cetified Company)

Manufacturers & Exporters of “**VIVO Grip & KK Grip**” Water Based Adhesives, Glues and Emulsions. Specialized in Wood Working, Hotmelt, Laminations, Sticker, Pasting, Textiles, Art & Crafts, Pressure Sensitive Adhesives etc.

♦ **K K ORGANOSYS & POLYMERS PRIVATE LIMITED**

(An ISO 9001 : 2015 Cetified Company)

Manufacturers & Exporters of “**KK**” brand Rigid & Soft PVC Films. Specialized in print Lamination (Fills & Block). Blister Films, Toffee Wrapper, PVC Tubes (Soft & Rigid), PVC FILLS for Colling Tower.

♦ **KAMAL ENTERPRISES**

(An ISO 9001 : 2015 Cetified Company)

Exporters & Importers, Distributors of Henkel Adhesives Technologies India Pvt. Ltd., Siegwerk India Pvt. Ltd., Huber Group. Specialized in Hotmelt Adhesives, Coatings & Varnishes, Offset Inks & Adhesives.

♦ **D S ENTERPRISES**

Distributors of Polyflex Limited & Siegwerk. Product:- BOPP Films, Polyester, Blister, PVC Films, BOPP Pearl, Thermal Films, Silky Matt, Holographic (Metalized & Transparent), Flexo Inks (Water based and U. V.)

♦ **TARUN COLLECTION**

Manufacturers of all kinds of Geogette, Crepe, Siffon & Fancy Sarees, Tunics & Unstitched Suits.

WHO ARE WE?

KK GROUP, is one of the oldest and renowned group in the Print Lamination Industry.

We started our business in the year 1995 headed by Mr. Kamal Kumar Dugar.

Since then, we have expanded our operations of marketing both in terms of geographical as well as the range of products. We started as a distributor and now a manufacturer, importer and exporter, we became a trustworthy name in Eastern India.

We have a wide range of Print Lamination products starting from all kinds of Lamination films, Adhesives, Coatings & Varnishes.

We, **KK GROUP** is committed to deliver high quality and efficient products tailored to meet the unique needs of each valued customer.

Prompt Delivery.

Our focus is on Excellence, Efficiency and building long term relation with our valued customers.

Tailored made products for specific needs.

Technical Expertise & Support Innovational products by virtue of Research & Development.

Regorous Testing & Quality Control.

Sustainability and Eco friendly formulation.

WHY US

- ♦ PASSION FOR CUSTOMER CARE AND GROWTH
- ♦ CONTINUOUS RESEARCH & DEVELOPMENT AND TECHNOLOGY UPGRADATION
- ♦ ONE STOP SOLUTION FOR A WIDE RANGE OF PRINT LAMINATION PRODUCTS
- ♦ SPECIALITY PRODUCTS FOR INDUSTRY SPECIFIC NEEDS
- ♦ EXCELLENT INFRASTRUCTURE
- ♦ PROMPT DELIVERY
- ♦ COST EFFICIENT PRODUCTS
- ♦ VALUE ADDED SERVICES

VIVOGRIP

MANUFACTURERS OF :

- ♦ WATER BASED ADHESIVES
- ♦ HOT MELT ADHESIVES
- ♦ SPECIALITY COATINGS
- ♦ PAINT BINDERS
- ♦ WET LAMINATION ADHESIVES
- ♦ DRY LAMINATION ADHESIVES
- ♦ PRESSURE SENSITIVE ADHESIVES
- ♦ PAINT BINDERS
- ♦ DISPERSION AGENT
- ♦ THICKENER
- ♦ FABRIC PASTE
- ♦ ADHESIVES FOR TAPE
- ♦ TEXTILE PRINTING FINISHING & HARDNER
- ♦ TEXTILE CHEMICALS & AUXILIARIES
- ♦ ACRYLIC BINDERS FOR CONSTRUCTION CHEMICALS
- ♦ PET & GLASS BOTTLE LABELLING
- ♦ FLUTE LAMINATION
- ♦ FLUORESCENT & PEARL BINDER
- ♦ ENVELOPE MAKING
- ♦ WOOD WORKING ADHESIVES
- ♦ FABRIC GLUE
- ♦ CORE MAKING ADHESIVES
- ♦ HONEY COMB MAKING ADHESIVES

HOTMELT ADHESIVES

- ♦ BOOK BINDING (SIDE & MAIN GLUE)
- ♦ AIR FILTER
- ♦ PAPER CARRY BAGS
- ♦ STRAW & TETRA PACK
- ♦ CARTON & FLAP SEALING
- ♦ SHOE FABRIC LAMINATION
- ♦ PRESSURE SENSITIVE ADHESIVES FOR PET BOTTLE LABELLING
- ♦ LABEL STOCK
- ♦ COURIER BAGS
- ♦ MEDICAL TAPES
- ♦ HYGIENE DIAPERS & SANITARY NAPKINS
- ♦ ALL TYPE OF TAPES

WATER BASED COATINGS

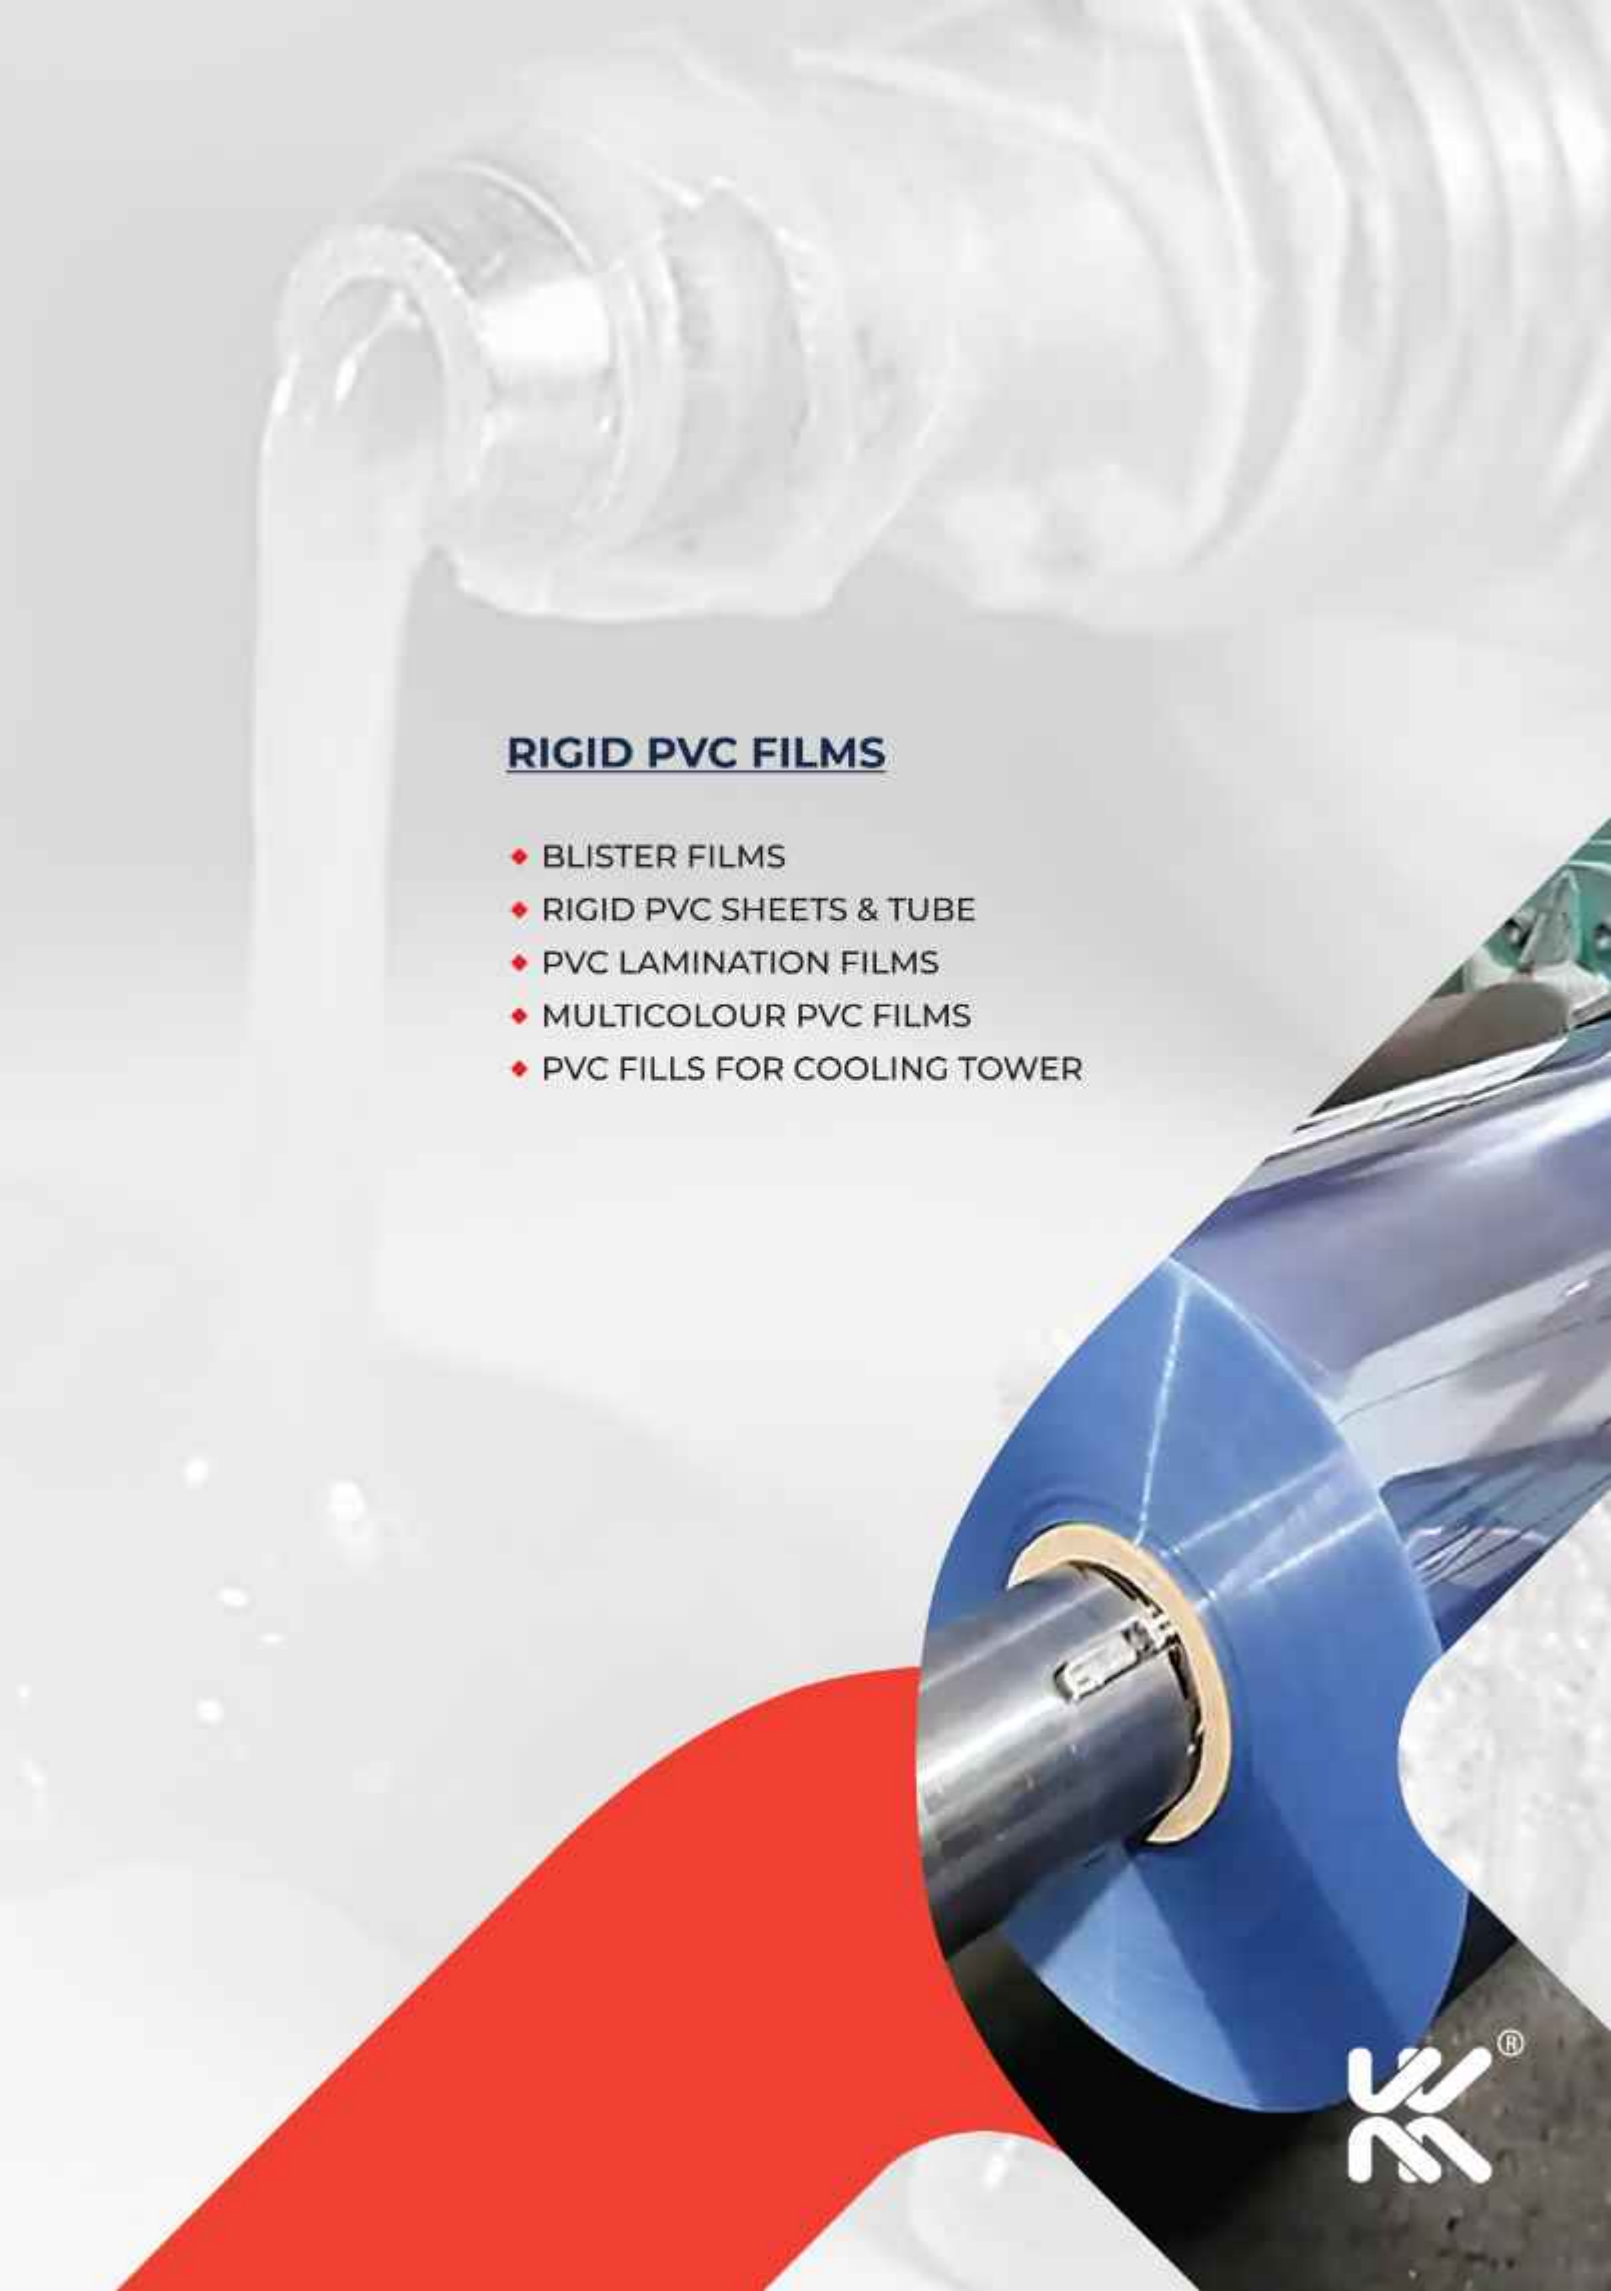

- ◆ OIL AND GREASE RESISTANCE (OGR COATINGS)
- ◆ NON SEALABLE COATINGS
- ◆ HEAT SEALABLE COATINGS
- ◆ HEAT SEALABLE COATINGS PAPER & PVC FILM
- ◆ OVER PRINT VARNISH GLOSS & MATT, PRIEMER COATINGS

IMPORTERS OF :

- ◆ PVC RESIN
- ◆ CHEMICALS

DISTRIBUTORS OF :

- ◆ BOPP FILMS
- ◆ METALISED FILMS
- ◆ POLYESTER FILMS
- ◆ HOLOGRAPHIC FILMS
- ◆ CHEMICALS
- ◆ AQUA VARNISH
- ◆ U. V. VARNISH
- ◆ ADHESIVES
- ◆ GLUES

RIGID PVC FILMS

- ◆ BLISTER FILMS
- ◆ RIGID PVC SHEETS & TUBE
- ◆ PVC LAMINATION FILMS
- ◆ MULTICOLOUR PVC FILMS
- ◆ PVC FILLS FOR COOLING TOWER

WOOD WORKING ADHESIVES

PRODUCT	DESCRIPTION
PVC PLUS	PVC PLUS is suitable for lamination of PVC sheet to MDF board & particle board.
MULTI POWER	MULTI POWER is speciality product for heat and water proof resistance properties. It is smooth white adhesives, Easy to apply and gives higher coverage.
AQUA LOK	AQUA LOK provides excellent water resistance properties. Specially made for kitchen & bathrooms.
LAM GRIP	LAM GRIP is specially formulated for laminates pasting. This product exhibits faster setting and water resistance properties.
WONDER GRIP	WONDER GRIP is a premium quality white Adhesives specially formulated to give unmatched bond strength.
XPERT BOND	XPERT BOND White adhesives with Anti-bacterial properties for prolonged life and unmatched bond strength in adverse condition. Xpert Bond is widely used for bonding various materials such as wood, plywood & laminates.
SUPER GRIP	SUPER GRIP is a ready to use & easy to apply white adhesives with excellent flow properties & superior bond strength.
XTRIM KH BOND	XTRIM KH Bond is a ready to use & easy to apply white adhesives with excellent flow properties & superior bond strength.
FINE GRIP	FINE GRIP is an economical multipurpose wood working adhesives. It has also uses in several areas other than furniture also.

PVC PLUS

WATER BASED ADHESIVE

Acrylic / PVC Sheet Special Adhesive

Product Brief :

PVC PLUS is suitable for lamination of PVC sheet to MDF board & particle board.

Applications Area :

- > Joining PVC Sheet to Wood Surface
- > Joining Acrylic Sheet to Wood Surface
- > Joining PVC Sheet to MDF / Particle Board

Pack Size Available :

1kg, 2kg, 5kg, 20kg, 50kg

MULTI POWER

WATER BASED ADHESIVE

Heat & Water Proof Resistant

Product Brief :

MULTI POWER is speciality product for heat and water proof resistance properties. It is smooth white adhesive, Easy to apply and gives higher coverage.

Applications Area :

- > Joining Wood to Wood
- > Joining Wood to Ply
- > Joining Decorative Lamintes
- > Joining veneer to Ply

Pack Size Available :

1kg, 2kg, 5kg, 20kg, 50 kg

AQUA LOK

WATER BASED ADHESIVE

Water Resistant, Specially for Kitchen & Bathrooms

Product Brief :

AQUA LOK provides excellent water resistance properties. Specially made for Kitchen & Bathrooms.

Applications Area :

- > Joining Wood to Wood
- > Joining Wood to Ply
- > Bonding Soft & Hard Particle Board.
- > Joining veneer to Ply
- > Joining Block & Hard Bord to each other.

Pack Size Available :

1kg, 2kg, 5kg, 20kg, 50kg

LAM GRIP

WATER BASED ADHESIVE

Laminate Special Adhesive

Product Brief :

LAM GRIP is specially formulated for laminates pasting. This product exhibits faster setting and water resistance properties.

Applications Area :

- > Joining Decorative Laminates
- > Joining Wood to Wood
- > Joining Wood to Ply
- > Joining Laminate to Wood

Pack Size Available :

1kg, 2kg, 5kg, 20kg, 50kg

WONDER GRIP

WATER BASED ADHESIVE
Anti Bubble & Higher Coverage

Product Brief :

WONDER GRIP is a premium quality white Adhesive specially formulated to give unmatched bond strength.

Applications Area :

- > Joining Wood to Wood
- > Joining Ply to Wood
- > Joining Decorative Laminates

Pack Size Available :

125gm, 250gm, 500gm, 1kg, 2kg, 5kg, 20kg, 50kg

XPRT BOND

WATER BASED ADHESIVE
Multi Purpose Premium Adhesive

Product Brief :

XPRT BOND White adhesive with Anti-bacterial properties for prolonged life and unmatched bond strength in adverse condition. Xpert Bond is widely used for bonding various materials such as wood, plywood & laminates.

Applications Area :

- > Joining Wood to Wood
- > Joining Ply to Wood
- > Joining Decorative Laminates
- > Joining Veneer to Ply
- > Bonding Soft & Hard Particle Board
- > Joining Block Board & Hard Board each other

Pack Size Available :

125gm, 250gm, 500gm, 1kg, 2kg, 5kg, 20kg, 50kg

SUPER GRIP

WATER BASED ADHESIVE

High Bonding Strength & Durability

Product Brief :

SUPER GRIP is a ready to use & easy to apply white adhesive with excellent flow properties & superior bond strength.

Applications Area :

- > Join Wood to Wood
- > Join Ply to Wood
- > Joining Decorative Laminates
- > Joining Veneer to Ply

Pack Size Available :

125gm, 250gm, 500gm, 1kg, 2kg, 5kg, 20kg, 50kg

XTRIM KH BOND

WATER BASED ADHESIVE

Multi Purpose adhesive with excellent flow properties

Product Brief :

XTRIM KH BOND is a ready to use & easy to apply white adhesive with excellent flow properties & superior bond strength.

Applications Area :

- > Join Wood to Wood
- > Join Ply to Wood
- > Joining Decorative Laminates
- > Joining Veneer to Ply

Pack Size Available :

125gm, 250gm, 500gm, 1kg, 2kg, 5kg, 20kg, 50kg

FINE GRIP

WATER BASED ADHESIVE

Multi Purpose used & Economic Grade Adhesive

Product Brief :

FINE GRIP is an economical multipurpose wood working adhesive. It has also uses in several areas other than furniture also.

Applications Area :

- > Joining Wood to Wood
- > Joining Ply to Wood
- > It has also uses in several area other than Furniture.

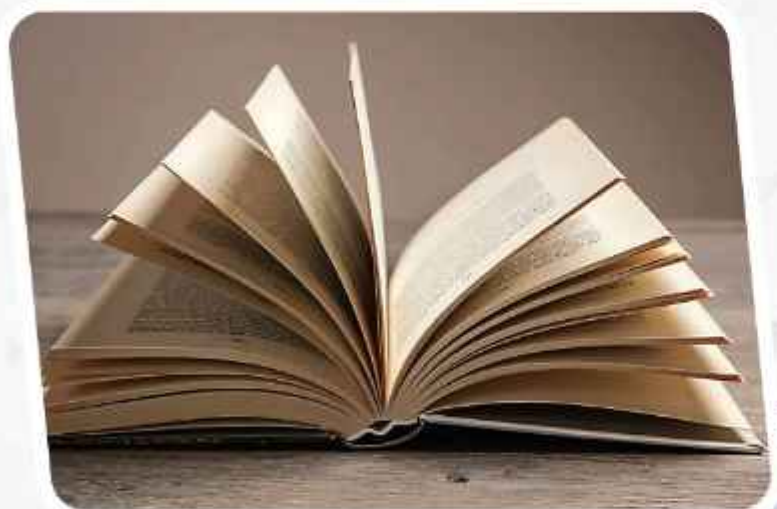

Pack Size Available :

500gm, 1kg, 2kg, 5kg, 20kg, 50kg

HOT MELT ADHESIVES FOR PERFECT BOOK BINDING APPLICATIONS

PRODUCT	DESCRIPTION
KK - HM33	Natural White Spine / Main glue for Perfect Book Binding.
KK - HM4571	Snow White Side / Spine glue for Cool Book Binding.
KK - HM350	All Rounder Adhesives for Book Binding Side / Spine Application.
KK - HM78	Hot Melt Book Binding for Side Application.
KK - HM48	Snow White Side glue for Perfect Book Binding.
KK - HM150	Natural White Spine / Main glue for Perfect Book Binding.
KK - HM660	High Bond Spine / Side glue for Book Binding Applications.
KK - HM72	Hot Melt Book Binding for Side Glue.
KK - HM339	Hot Melt Wood Face Vineer Protecting.
KK - HM630	High Bond Spine / Main glue for Book Binding Applications.
KK - HM210	Natural White Main glue for Stiche Book Binding.
KK - AF93	HMA for various types filter paper, paper to paper and non-woven fabrics like PP, Polyester etc.
KK - AF99Y	HMA for various types filter paper, paper to paper and non-woven fabrics like PP, Polyester etc.

HOT MELT ADHESIVES FOR PACKAGING INDUSTRY

PRODUCT	DESCRIPTION
KK - HBC102	Suitable for cable box & small carton boxes packing for both varnished & unvarnished / laminated cartons.
KK - HAL136	For Laminated & Non-laminated and hybrid substrates, paper handle & bottom pasting, Fine Nozzle application.
KK - HBS130	For Non-laminated substrates, Fine Nozzle application.
KK - HMSC90	Metallocene based Hot melt adhesives superior bonding for paper to Paper / Board especially for food, Pharma, Ceramic & other consumer products, Suitable for Laminated , Non-Laminated & MetPet Substrates.

HOT MELT PRESSURE SENSITIVE ADHESIVES

PRODUCT	DESCRIPTION
KK-HCN33	HMPA for disposable hygiene products like adult diapers, sanitary napkins etc.
KK-HMEL36	HMPA for Elastic attachment adhesives for disposable diapers with excellent initial and aged creep performance.
KK-HM90S	HMPA for Label Stocks, Tape and Hologram.
KK-HMLS90	HMPA for beverage industries.
KK-MF90	For Spring Pocket to Pocket in Mattresses.
KK-HMCB108	HMPA for Courier Bag Application.
KK-HWL151	HMPA for FIBC Jumbo Application Bag Film Lamination.
KK-HMJB	For FIBC (Jumbo Bag) Application.

HOT MELT ADHESIVES FOR MISCELLANEOUS SPECIALTY APPLICATIONS

PRODUCT	DESCRIPTION
KK - HSL96	For Shoe Fabric Lamination.
KK - HS156	For WPP Bag Side Sealing.
KK - HL23	HMA For various material such as PC, PP, PMMA, ABS, Acrylate and PS Bonding.
KK - HC100	Cleaning the interior of hot melt tanks, hose and nozzles. The cleaning agent.
KK - HM651	For Shoes Fabric Lamination and Soft Baggage.
KK - HMW90	Lamination of aluminum foil with Paper Board / Foam sheet for WAD making process.
KK - HMW 90L	Lamination of aluminum foil with Paper Board / Foam sheet for WAD making process.
KK - HRC123	Suitable for Bonding of Ripple Paper, Paper, Paper To Paper and Non-Woven, fabrics like PP, Nylon, Polyester etc.
KKSC251	Soap Wrapper Coating for paper heat seal.
KKHM - 45	Hot Melt Coatings for Document Lamination & Sequence films.
KK - HAS96	Hot Melt adhesives for Anti Skid palletization, Door & Floor matts. It is also used for shipping carttons.

HOT MELT ADHESIVES FOR WOOD APPLICATIONS

PRODUCT	DESCRIPTION
KK - HM350	Hot Melt Adhesives for MDF to MDF Bonding.
KK - HEB84	Hot Melt Adhesives for Edge Binding (Wood to PVC).

DRY LAMINATION ADHESIVES

PRODUCT	DESCRIPTION
KK DL53	A premium high solid water borne acrylic adhesives formulated for lamination of various types of films to paper / duplex board. This adhesives is recommended for dry bond lamination process. It has high gloss & high bond.
KK DL303	A economic water borne acrylic adhesives formulated for lamination of various types of films to paper / duplex board. This adhesives is recommended for dry bond lamination process. It has high gloss & high bond.
KK DL351	A economic water borne acrylic adhesives formulated for lamination of various types of films to paper / duplex board. This adhesives is recommended for dry bond lamination process. It has high gloss & high bond.

WET LAMINATION ADHESIVES

PRODUCT	DESCRIPTION
KK 591	A High tack economic adhesives for paper plate Industry, Sweet Box etc.
KK 191	A High tack economic adhesives for paper plate Industry, Sweet Box etc.
STL	A premium adhesives for paper plate Industry, Sweet Box etc.
KK 444	A premium adhesives for paper plate Industry, Sweet Box etc.
KK 327	A economic adhesives for laminating PVC Films with board.
KK 627	A economic adhesives for laminating PVC Films with board.
KK 3027	A economic adhesives for laminating PVC Films with board.
KK 555	A Uniform tack adhesives for Laminating PVC, BOPP, BOPP Matt, Polyester Film to Board, Art Board, Art Paper, Craft Paper. High Gloss & High Coverage.
KK 666	A High tack adhesives for Laminating PVC, BOPP, BOPP Matt, Polyester Films with Board.
KK 777	A High Gloss, High tack adhesives for Laminating PVC, BOPP, BOPP Matt, Polyester Films only to Board Art Paper, Art Board Specially for Window Lamination.
KK 3015	A premium adhesives for Laminating Bopp, Bopp Matt, Polyester Films with Board, Art Board & Ivory Board.
KK 24	A premium adhesives for Laminating Bopp, Bopp Matt, Polyester Films with Board, Art Board & Ivory Board.
KK 5145	A premium adhesives for Laminating Bopp, Bopp Matt, Polyester Films with Board, Art Board & Ivory Board.
KK 999	A premium adhesives with low Residual tack for laminating PVC, Bopp, Polyester Films with Board for Corrugation jobs.
KK 3291	A High tack premium adhesives for Laminating Bopp, Bopp Matt, Polyester Films with Board, Art Board & Ivory Board.
KK 6291	A High tack premium adhesives for Laminating Bopp, Bopp Matt, Polyester Films with Board, Art Board & Ivory Board.

TAPE ADHESIVES

PRODUCT	DESCRIPTION
KK 117	It is a water based pressure sensitive adhesives based on Butyl Acrylate Monomer with excellent adhesion-cohesion balance properties.
KK 722	A premium high solid water based pressure sensitive adhesives based on Butyl Acrylate Monomer with excellent adhesion-cohesion balance properties.

PRESSURE SENSITIVE ADHESIVES

PRODUCT	DESCRIPTION
KK 801 (L.V)	It is a low viscosity water based pressure sensitive adhesives based on VAM – acrylic copolymer with excellent adhesion - cohesion balance properties.
KK 801 (H.V)	It is a high viscosity water based pressure sensitive emulsion based on VAM – acrylic copolymer with excellent adhesion - cohesion balance properties.

SIDE PASTING ADHESIVES

PRODUCT	DESCRIPTION
KK KPW	Adhesives for flap pasting of both varnished and laminated substrates with automatic wheel application.

CARRY BAG ADHESIVES

PRODUCT	DESCRIPTION
KPW 03	Adhesives for flap pasting of both varnished and laminated substrates with nozzle applicator.
KK KPW 06	Adhesives for flap pasting of non-laminated cartons with nozzle application.
KK KPW 09	Adhesives for flap pasting difficult to bind substrates through automatic or manual application.
KK KPW 12	High viscosity adhesives for flap pasting of both laminated and varnished substrates with manual application.

CORE MAKING ADHESIVES

PRODUCT	DESCRIPTION
KK - CMA	KK – CMA is high performance adhesives, formulated for core making. It gives good adhesion even in suboptimal specifications. Wide range of products are available to suit every type of machine and every type of paper and varying speeds. Within the range of products we offer many grades depending up on solids and viscosity.

PAINT BINDER

PRODUCT	DESCRIPTION
KK AA 321	Used in premium quality exterior wall paints, road marking paints & floor paints
KK SA 123	Due to fine particle size, it can be specially used for exterior paints & Road marking paints

DISPERSING AGENT

PRODUCT	DESCRIPTION
KK DA 258	It is a low foaming dispersant in solution form with excellent dispersing activity for a variety of inorganic pigments & extenders in aqueous system. It is especially useful in the dispersions of inorganic salt such as titanium dioxide and extenders.

ACRYLIC THICKENER

PRODUCT	DESCRIPTION
KK - TH ASE60	It is a cross-linkable, acid containing acrylic copolymer emulsion. When the emulsion is diluted with water and neutralized with an alkali, its viscosity increases to high value. Once neutralized, it cannot be reverted to emulsion form. Any effort to reduce the pH will result in the precipitation of polymer.

BINDER FOR LIQUID SHOE POLISH

PRODUCT	DESCRIPTION
KK 4194	4194 is a 100% acrylic copolymer emulsion. This emulsion gives a softer and tacky film at room temperature. It can be used with a harder system to arrive at a system of sufficient hardness of adequate chalking character. It gives an excellent glossy film on drying and suitable as the binder of any Polishing material like shoe polishes.

FABRIC GLUE

PRODUCT	DESCRIPTION
KK STONE GRIP	"KK STONE GRIP" no stitch fabric emulsion is a substitute to stitching in several fields, it is used for sticking and Bonding Beads, Applique, Ribbons, Sequins, Lace, Foil, Glitter Dust, Mirror Works, Cords and Seams to fabric of various types.

TEXTILE PRINTING FINISHING AND HARDNER

PRODUCT	DESCRIPTION
KK 1033	Used as a soft semi-permanent finishing agent to fabrics. When mixed with Textile Binder for khadi printing. It imparts good wash properties to the printed fabric. It gives Stiff Semi permanent finish to Textile fabrics.
KK KLN	KLN is a cross-linkable acrylic copolymer emulsion with soft, durable film properties. It is easily miscible with cold water. While running on machine as well as on screens, there is no buildup of emulsion on the equipment. It can be used for printing on cloth, Jute, Rayon materials and prints have all-round fastness.
PVA EMULSION 50%	PVA emulsions are particularly suitable for finishing light weight cottons, poplins, shirting, flannelettes, mixed fabrics clothes, interlining and non-woven fabrics, elastic & rigid webbing nets, screens. Industrial felts may also be satisfactorily finished. It is also finds a special use for imparting films to loose woven rayon grade goods.

FLUTE LAMINATION

PRODUCT	DESCRIPTION
KK EM - 20	Flute lamination for paper to paper & duplex board for corrugated paper, adhesives provided excellent moisture control in laminated substrates.
KK EM - 35	Flute lamination for paper to paper & duplex board for corrugated paper, adhesives provided excellent moisture control in laminated substrates.
KK EM - 40	Flute lamination for paper to paper & duplex board for corrugated paper, adhesives provided excellent moisture control in laminated substrates.
KK EM - 45	Flute lamination for paper to paper & duplex board for corrugated paper, adhesives provided excellent moisture control in laminated substrates.

HONEYCOMB ADHESIVES

PRODUCT	DESCRIPTION
KK-HCB45	HONEYCOMB ADHESIVE For Evaporative Cooler Pad KK-HCB45 Designed specifically for cooling pad applications, Our Cooling Pad Adhesive ensures strong bonding between cooling pad layers. It exhibits excellent high-temperature resistance and delivers reliable adhesion, contributing to the efficiency and longevity of cooling pad systems.

RIGID BOX MAKING ADHESIVES

PRODUCT	DESCRIPTION
KK RB - 60	Water base high performance adhesives for rigid box making with high open time and good setting.
KK GL - 102	Gelatin base standard adhesives for rigid box making with high open time and good setting.

AQUEOUS COATINGS

PRODUCT	DESCRIPTION
KK AQC 4080HG	Very high gloss and good rub resistant OPV with good adhesion over a variety of substrates.
OPV 4090M	General purpose matt OPV for paper & paper board.

UV COATINGS

PRODUCT	DESCRIPTION
KK UV - 51	High flexibility, excellent gloss and rub resistant UV curable D'V with good Adhesion.
KK UV - 54	Premium quality UV curable OPV for variety of applications with enhanced COF and protection with high flip.
KK UV - 30	Low viscosity, excellent gloss and rub resistant UV curable GPV for gravure application.
KK UV - 33	Low odour & BP free, excellent gloss and rub resistant UV curable OPV for gravure application.
KK UV - 45	Excellent gloss and rub resistant UV curable OPV from screen application with good adhesion.

PAPER STRAW ADHESIVES

PRODUCT	DESCRIPTION
KK SB - 93	Hma for polyester to paper / board for Tetra pack straw bond Application. adhesives shows good performance on coated Paper.
KK SB - 18	Water-based food grade adhesives for paper straw making.

EMULSIONS FOR CONSTRUCTION CHEMICALS

PRODUCT	DESCRIPTION
KK 204	It is a thermoplastic acrylic co-polymer emulsion which exhibits exceptional flexibility, excellent adhesion to different types of substrates, higher pigment loading capabilities, good water resistance and significant ultraviolet light resistance. It forms soft, flexible transparent film with rapid water release. It has excellent adhesion to Cellulosic, Plastics, Aluminum, Vinyl film and other metal surfaces.

FOOTWEAR ADHESIVES

PRODUCT	DESCRIPTION
KK EVA - 75	It is high bonding adhesives for fabric to foam lamination.

WATER REPELLENT COATING FOR PAPER

PRODUCT	DESCRIPTION
KK WRC - 33	Standard water-based emulsion with high water, oil and grease resistance with direct food contact approval for paper dishes.
KK WRC - 27	Water based emulsion for water and oil repellent with Heat Sealable for food packing & paper cup.

E-COMMERCE PAPER COATING

PRODUCT	DESCRIPTION
KK WRC - 30	Water based emulsion with excellent barrier and good water repellent property with direct food contact approval.
KK HSL / HV	Water-based heat sealable coating for application over paper or paper board.

SPECIALTY PAPER COATING

PRODUCT	DESCRIPTION
KK HSL - B	Water-based heat sealable coating for application over PVC film, paper or paper board.
