KK EMULSIONS

YOUR ONE STOP ADHESIVES SOLUTION

Our Story...

Creating bonds since 1995...

With over three decades of rich industry experience, KK Group brings precision, care, and expertise to every stage of production. Backed by 100% in-house capabilities and an advanced manufacturing system, we have earned a strong reputation for delivering high-quality products supported by efficient sales professionals and dependable after-sales service — all at highly competitive prices.

Our journey began as a distributor and gradually evolved into a trusted Manufacturer, Importer, and Exporter and widely recognized across Eastern India.

KK Emulsions truly strives for **जोड़ते चलें**

VIVOGRIP

**▶ DIRECTOR'S
MESSAGE**

A life without challenges and dreams cannot be called a life well lived.

With a vision to build something meaningful and enduring, K.K. Group was founded.

Entering this industry at an early stage allowed us to grow alongside it, gaining valuable experience and insight over the years.

One of the most important lessons I have learned is that people are the true strength of any organization. When employees feel valued and motivated, they consistently deliver excellence and drive the company to new heights. Human resources remain the most powerful game-changer in any business.

Equally, success is built on relationships. Treating everyone with respect and integrity is essential, as paths often cross again when circumstances evolve.

Customers are rightly called kings—because only through their satisfaction and trust, a business truly flourish.

I sincerely thank our channel partners and well-wishers for their continued support and confidence, which have inspired us at every stage of growth. The core values of Trust, Empathy, and Truthfulness define who we are and guide us toward sustainable, long-term success.

I assure you that KK Group will always remain committed to its values and continue to deliver the best in quality, cost-effectiveness, and service.

Thank you for placing your trust in us. We promise to uphold it with dedication and integrity.

Kamal Kumar Dugar

Director – KK Group

▶ ABOUT KK GROUP

Established in 1995, KK Group is one of the most trusted and renowned names in the Print Lamination, Packaging and Adhesives Industry.

Under the leadership of Mr. Kamal Kumar Dugar, the Group has evolved from a distributor into a manufacturer, importer, and exporter, earning strong recognition across Eastern India.

Today, KK Group offers a comprehensive range of lamination films, adhesives, coatings, varnishes, binders, and PVC films, making us a reliable one-stop solution for diverse industry needs.

Today, KK Group is a well-established and respected name serving the Packaging, Plywood & Furniture, Textile, Paint, Stock Label, Construction and many more Industries using wide range of adhesives & packaging films.

Our Vision

- Passion for customer satisfaction, sustainability & growth
- Commitment to eco-friendly and advance formulations

Our Mission

- Superior quality at Economical prices
- Advanced infrastructure and strict quality control

Our Strength

- 30+ years of industry experience
- ISO-certified manufacturing units
- Consistent quality & customized solutions
- Strong technical & R&D support
- Reliable supply chain & prompt delivery
- Long-term customer partnerships

▶ WATER BASED ADHESIVES ◀

WET LAMINATION

GRADE	APPLICATIONS
KK 591	A High tack economic adhesives for paper plate Industry, Sweet Box etc.
STL	A premium adhesive for paper plate Industry, Sweet Box etc
KK 327	An economic adhesive for laminating PVC Films with board
KK 555	A Uniform tack adhesive for Laminating PVC, BOPP, BOPP Matt, Polyester Film to Board, Art Board, Art Paper, Craft Paper. High Gloss & High Coverage
KK 546	A High tack adhesive for Laminating PVC, BOPP, BOPP Matt, Polyester Films with Board.
KK 777	A High Gloss, High tack adhesives for Laminating PVC, BOPP, BOPP Matt, Polyester Films only to Board and Paper, Art Board Specially for Window Lamination.
KK 3015	A Premium adhesive for Laminating BOPP, BOPP Matt, Polyester Films with Board, Art Board & Ivory Board.
KK 5145	A Premium adhesive for Laminating BOPP, BOPP Matt, Polyester Films with Board, Art Board & Ivory Board
KK 999	A Premium adhesive with low Residual tack for laminating PVC, BOPP, Polyester Film with Board for Corrugation jobs
KK 3291	A High tack Premium adhesives for Laminating BOPP, BOPP Matt, Polyester Films with Board, Art Board & Ivory Board

DRY LAMINATION

GRADE	APPLICATIONS
KK DL51	A premium high solid water borne acrylic adhesives formulated for lamination of various types of films to paper / duplex board. This adhesive is recommended for dry bond lamination process. It has high gloss & high bond strength.
KK DL504	An economic water borne acrylic adhesives formulated for lamination of various types of films to paper / duplex board. This adhesive is recommended for dry bond lamination process. It has high gloss & high bond strength.
KK DL303	An economic water borne acrylic adhesives formulated for lamination of various types of films to paper / duplex board. This adhesive is recommended for dry bond lamination process. It has high gloss & high bond strength.

PRESSURE SENSITIVE ADHESIVES

GRADE	FOR AUTOMATIC MACHINES
KK 801 LV	It is a low viscosity water-based pressure sensitive adhesives based on VAM -Acrylic copolymer with excellent adhesion - cohesion balance properties
KK 255	It is a low viscosity water-based pressure sensitive emulsion based on VAM -Acrylic copolymer with excellent adhesion - cohesion balance properties.

GRADE	FOR MANUAL APPLICATIONS
KK 801 HV	It is a high viscosity, water-based Pressure Sensitive Adhesive
KK 552	Premium water-based Pressure Sensitive Adhesive
KK 504	Economic water-based Pressure Sensitive Adhesive
KK 456	Economic water-based Pressure Sensitive Adhesive

SIDE PASTING ADHESIVES

GRADE	APPLICATIONS
KK KPW	Adhesives for flap pasting of both varnished and laminated substrates with automat wheel application

KK LOCK

GRADE	APPLICATIONS
PG 108HT	A Premium Grade for Case Making, Sweet Box
PG 408	An Economic Grade for Case Making, Sweet Box

HONEYCOMB ADHESIVES

GRADE	APPLICATIONS
KK-HCB45	HONEYCOMB ADHESIVE for Evaporative Cooler Pad KK-HCB45 Designed specifically for cooling pad applications, Our Cooling Pad Adhesive ensures strong bonding between cooling pad layers. It exhibits excellent high-temperature resistance and delivers reliable adhesion, contributing to the efficiency and longevity of cooling pad systems

FLUTE LAMINATION

GRADE	APPLICATIONS
KK EM - 36	Flute lamination for paper to paper & duplex board for corrugated paper, adhesive provided excellent moisture control in laminated substrates

PAPER BAG ADHESIVES

GRADE	FOR AUTOMATIC MACHINES
KK SP102	Adhesives for flap pasting of non-laminated cartons with nozzle application
FITFIX	High viscosity adhesives for flap pasting of both laminated and varnished substrates with manual application.

TEXTILE PRINTING FINISHING AND HARDNER

GRADE	APPLICATIONS
KK 801HV	Used as a soft semi-permanent finishing agent to fabrics. When mixed with Textile Binder for khadi printing it imparts good wash properties to the printed fabric. It gives Semi permanent finish to Synthetic fabrics.
KK KLN	KLN is a cross-linkable acrylic copolymer emulsion. Suitable for Pigment Printing on Cotton, Jute and Polyester.
PVA EMULSION 50%	PVA emulsions are particularly suitable for finishing light weight cottons, poplins, shirting, flannelettes, mixed fabrics clothes, interlining and non-woven fabrics, elastic & rigid webbing nets, screens. Suitable for Pigment Printing on Cotton & Jute.

FABRIC GLUE

GRADE	APPLICATIONS
KK STONE GRIP	KK STONE GRIP" no stitch fabric emulsion is a substitute to stitching in several fields, it is used for sticking and Bonding Beads, Applique, Ribbons, Sequins, Lace, Foil, Glitter Dust, Mirror Works, Cords and Seams to fabric of various types.

DISPERSING AGENT

GRADE	APPLICATIONS
KK DA 258	It is a low foaming dispersant in solution form with excellent dispersing activity for a variety of inorganic pigments & extenders in aqueous system. It is especially useful in the dispersions of inorganic salt such as titanium dioxide and extenders

ACRYLIC THICKENER

GRADE	APPLICATIONS
KK - TH ASE60	It is a cross-linkable, acid containing acrylic copolymer emulsion. When the emulsion is diluted with water and neutralized with an Alkali; its viscosity increases to a high value. Once neutralized, it cannot be reverted to emulsion form. Any effort to reduce the pH will result in the precipitation of polymer.

TAPE ADHESIVES

GRADE	APPLICATIONS
KK 117	It is a water-based pressure sensitive adhesives based on Butyl Acrylate Monomer with excellent adhesion-cohesion balance properties and is most suitable as BOPP Tape Adhesive.
KK 722	A premium high solid water based pressure sensitive adhesives based on Butyl Acrylate Monomer with excellent adhesion-cohesion balance properties.

CORE / TUBE MAKING ADHESIVE

GRADE	APPLICATIONS
CG 36	KK-CMA is a high-performance adhesive, formulated for core making. It gives good adhesion even in suboptimal specifications. Wide range of products are available to suit every type of machine and every type of paper and varying speeds. Within the range of products, we offer many grades depending up on solids and viscosity

RIGID BOX MAKING ADHESIVES

GRADE	APPLICATIONS
KK - 60	Water base high performance adhesives for rigid box making with high open time and good setting.
KK GL - 102	Gelatin base standard adhesives for rigid box making with high open time and good setting.

PAPER STRAW ADHESIVES

GRADE	APPLICATIONS
KK SB - 93	HMA for polyester to paper / board for Tetra pack straw bond Application. adhesives shows good performance on coated Paper.
KK SB - 18	Water-based food grade adhesives for paper straw making

FOOTWEAR ADHESIVES

GRADE	APPLICATIONS
KK EVA - 75	It is a high bonding adhesive for fabric to foam lamination.

ACRYLIC BINDERS FOR CONSTRUCTION CHEMICALS

GRADE	APPLICATIONS
KK 204	It is a thermoplastic acrylic co-polymer emulsion which exhibits exceptional flexibility, excellent adhesion to different types of substrates, higher pigment loading capabilities, good water resistance and significant ultraviolet light resistance. It forms soft, flexible transparent film with rapid water release. It has excellent adhesion to Cellulosic, Plastics, Aluminum, Vinyl film and other metal surfaces.

WOOD WORKING ADHESIVES

GRADE	APPLICATIONS
LAM GRIP	It is specially formulated for laminates pasting. This product exhibits faster setting and water resistance properties.
PVC PLUS	It is suitable for lamination of PVC sheet to MDF board & particle board.
MULTI POWER	It is a specialty product for heat resistance and water proof properties. It is a smooth white adhesive, easy to apply and gives higher coverage.
AQUA LOK	It provides excellent water resistance properties. Specially made for kitchen bathrooms.
WONDER GRIP	It is a premium quality white Adhesive specially formulated to give unmatched bond strength.
XPERT BOND	White adhesive with Anti-bacterial properties for prolonged life and unmatched bond strength in adverse condition. It is widely used for bonding various materials such as wood, plywood & laminates.
SUPER GRIP	It is a ready to use & easy to apply white adhesive with excellent flow properties & superior bond strength.
XTRIM KH Bond	It is a ready to use & easy to apply white adhesive with excellent flow properties & superior bond strength.
FINE GRIP	It is an economical multipurpose wood working adhesive. It has also used in several areas other than furniture also.

▶ HOTMELT ADHESIVES ◀

PERFECT BOOK BINDING

GRADE	APPLICATIONS
KK – HM 215	Natural White Spine Glue for Stitched Book Binding – for 80 - 100 gsm Maplitho Paper
KK – HM 33 PLUS	Natural White Spine Glue for Perfect Book Binding – for 80 - 100 gsm Maplitho Paper
KK – HM 150	Natural White Spine Glue for Perfect Book Binding – for 80 - 120 gsm Maplitho Paper
KK – HM 630	High Bond Spine Glue for Book Binding Applications – for 80 - 120 gsm Maplitho Paper
KK - HM 399	Light yellow Spine/Side Glue for Cool Book Binding – for 80 - 120 gsm Maplitho/Art/Wood free Paper
KK - HM 48M	Snow White Side/Spine Glue for Perfect Book Binding – for 80 - 120 gsm Maplitho/Art/Wood free Paper
KK – HM 78	Hot Melt Book Binding Adhesive for Side/Spine Application – for 80 - 120 gsm Maplitho/Art/Digital Paper
KK – HM 66	High Bond Side/Spine glue for Cool Book Binding Application.

PACKAGING INDUSTRY

GRADE	APPLICATIONS
KK – HBC102	Suitable for cable box & small carton boxes packing for both varnished & unvarnished / laminated cartons
KK – HAL136	For Laminated & Non-laminated and hybrid substrates, paper handle & bottom pasting, Fine Nozzle application.
KK – HBS131	For Non-laminated substrates, Fine Nozzle application.
KK – HMSC90	Metallocene based Hot melt adhesives with superior bonding for paper to Paper / Board especially for Food, Pharma, Ceramic & other consumer products, Suitable for Laminated, Non-Laminated & Met Pet Substrates.
KK – AF 96M	HMA for various types of filter paper, paper to paper and non-woven fabrics like PP, Polyester etc.

PRESSURE SENSITIVE ADHESIVES

GRADE	APPLICATIONS
KK - HCN 33	HMPA for disposable hygiene products like adult diapers, sanitary napkins etc.
KK - HMEL 36	HMPA for Elastic attachment adhesives for disposable diapers with excellent initial and aged creep performance.
KK - HM 90S	HMPA for Label Stocks, Tape and Hologram
KK - HMLS 90	HMPA for Beverage Industries
KK - MF 90	For Spring Pocket to Pocket in Mattresses
KK - CB 108	HMPA for Courier Bag Application.
KK - HWL 151	HMPA for FIBC Jumbo Bag Application Big Film Lamination

MISCELLANEOUS SPECIALITY APPLICATIONS

GRADE	APPLICATIONS
KK - HSL96	For Shoe Fabric Lamination
KK - HS156	For WPP Bag Side Sealing
KK - HL23	HMA for various material such as PC, PP, PMMA, ABS, Acrylate and PS Bonding
KK - HC700	Cleaning the interior of hot melt tanks, hose and nozzles.
KK - HM651	Fabric Lamination for Shoes and Soft Baggage
KK - HMW90	Lamination of Aluminum foil with Paper Board /Foam sheet for WAD making process
KK - HMW 90L	Lamination of Aluminum foil with Paper Board /Foam sheet for WAD making process.
KK - AF120	Suitable for Bonding of Ripple Cup Paper , Paper to Paper and Non-woven, fabrics like PP, Nylon,Polyster etc.
SWC251	Soap Wrapper Coating for heat seal.
KKHM - 45	Hot Melt Coatings for Document Lamination & Sequence films
KK - HAS96	Hot Melt adhesives for Anti-Skid palletization, Door & Floor mats. It is also used for shipping cartons

WOOD APPLICATIONS

GRADE	APPLICATIONS
KK - HM350	Hot Melt Adhesives for MDF-to-MDF Bonding
KK - HEB84	Hot Melt Adhesives for Edge Binding (Wood to PVC).
KK - HM 339	Hot Melt for Wood Face Vineer Protecting

▶ WATER BASED COATING ◀

WATER REPELLENT COATING FOR PAPER

GRADE	APPLICATIONS
KK WRC - 36	Standard water-based emulsion with high water, oil and grease resistance with direct food contact approval for paper dishes.
KK WRC - 33	Water based Heat Sealable Emulsion for water and oil repellent properties as required for Food Packaging & Paper Cup

E-COMMERCE PAPER COATING

GRADE	APPLICATIONS
KK HSL-9	Water-based heat sealable coating for application in paper to paper Board.

BLISTER VARNISH

GRADE	APPLICATIONS
KK BL	Water-based heat sealable coating for application over PVC film paper and paper board.

AQUEOUS COATINGS

GRADE	APPLICATIONS
KK AQC 4080HG	Very high gloss and good rub resistant OPV with good adhesion over a variety of substrates.
OPV 4090M	General purpose matt OPV for paper & paper board.

UV COATINGS

GRADE	APPLICATIONS
KK UV - 51	High flexibility, excellent gloss and rub resistant, UV curable D'V with good Adhesion.
KK UV - 54	Premium quality UV curable OPV for variety of applications with enhanced COF and protection with high flip
KK UV - 30	Low viscosity, excellent gloss and rub resistant, UV curable GPV for gravure application.
KK UV - 33	Low odour & BP free, excellent gloss and rub resistant, UV curable OPV for gravure application.
KK UV - 45	Excellent gloss and rub resistant, UV curable OPV from screen application with good adhesion.

PAINT EMULSIONS AND ADDITIVES

GRADE	APPLICATIONS
KK AA 321	Used in premium quality exterior wall paints, road marking paints & floor paints
KK SA 123	Due to fine particle size, it can be specially used for exterior paints & Road marking paints
ASE 60	Dispersion Agent

BINDER FOR LIQUID SHOE POLISH

GRADE	APPLICATIONS
KK 4194	4194 is a 100% acrylic copolymer emulsion. This emulsion gives a softer and tacky film at room temperature. It can be used with a harder system to arrive at a system of sufficient hardness of adequate chalking character. It gives an excellent glossy film on drying and suitable as the binder of any Polishing material like shoe polishes.
